Introduction

It has been a busy and productive year for the North Carolina Lawyer Assistance Program (“LAP”). The State Bar’s rule governing the Lawyer Assistance Program provides:

.0601 Purpose

The purpose of the Lawyer Assistance Program is to: (1) protect the public by assisting lawyers and judges who are professionally impaired by reason of substance abuse, addiction, or debilitating mental condition; (2) assist impaired lawyers and judges in recovery; and (3) educate lawyers and judges concerning the causes of and remedies for such impairment.

The LAP is fulfilling its mission. In its 32nd year of operation, the LAP responded to numerous calls and had many personal interviews with lawyers, judges and law students. These contacts resulted in a current caseload as of the end of September of 791 cases.

Since 2000, the LAP has assisted over 1,912 lawyers, or approximately 7.6% of the Bar. The individuals we serve often include the Bar’s most disadvantaged and distressed members.

Of our current files, 48% were opened as a result of voluntary contacts by a lawyer, judge or law school student seeking assistance. The majority of the other files were opened after other members of the bar expressed concern to the LAP about an impaired lawyer. With respect to the cases that were opened, 58% involved psychological or mental health disorders, and 42% involved substance abuse or chemical addiction. The LAP handled 12 files which involved preadmission issues referred by the Board of Law Examiners.

In 2007 the State Bar Council asked for there to be greater coordination between the Office of Counsel and the Lawyer Assistance Program in cases where the discovery or potential discovery of misappropriated client funds might lead to a suicide risk. The LAP has continued to be proactive in this context, when it becomes aware of lawyers facing the likelihood of disbarment, and offering assistance to the lawyer.

The LAP participated in a “Well Being in the Workplace” survey sponsored by the North Carolina Consortium of Professional Recovery Programs (“CPRP”) and conducted by Professor Darcy Siebert of Rutgers University. Professor Siebert made an initial presentation on the survey’s results to the Bar Council at its April 2010, meeting. Her first two articles on the survey have been published in the Bar Journal. Professor Siebert is working on additional articles, the next one of which is anticipated being published in the Bar Journal in 2012. The survey data and Professor Siebert’s analysis continue to be very helpful in assisting the LAP to better understand the needs of the lawyers we serve.

The LAP internet site remains an important source of information about the LAP and how to contact the program. The website provides a listing of the members of the PALS Committee and the FRIENDS Committee, the two LAP peer group support committees, as well as information about depression and chemical addiction. Many calls, especially from younger lawyers, come from lawyers who first consulted the website.

The LAP website also contains pages which provide a comprehensive list of resources and confidential self-tests for substance abuse and depression. In addition, the website provides information about the two annual training workshops for volunteers and a library of articles related to topics relevant to lawyer assistance.

As has been true over the years, the LAP network of volunteers and lawyer support groups provide a major part of the assistance given by the LAP to lawyers around the state. Without the extended volunteer network, it would be impossible for the LAP to be as effective as it has been during the past year. Staff and volunteer efforts have prevented or limited possible harm to the public in numerous instances. In cases where discipline is initially deferred, or the lawyer is operating under a stayed suspension, the LAP's intervention has offered the opportunity to identify and resolve the root problems out of which the discipline issue arose and furthered the Bar's mission of protecting the public.

During 2010, Don Carroll announced his intention to retire as LAP Director at the end of 2011. Under the leadership of LAP Chair Mark Merritt a LAP Committee made recommendations to President Anthony Di Santi, President-Elect Jim Fox, Vice President Keith Kapp and Executive Director Tom Lunsford, on a successor Director. From a field of outstanding candidates, Robynn Moraites was hired, effective July 1, 2011, as the new LAP Director. Don has continued to work hand-in-hand with Robynn in order to assure the smoothest possible transition.

Details of the North Carolina Lawyer Assistance Program October 1, 2010– September 30, 2011

The LAP provides assessment, referral, intervention, education, advocacy, and peer support services for all North Carolina lawyers and judges.

The LAP is designed to help lawyers find a way to address a wide range of health and personal issues, including, most commonly, alcohol/drug abuse, stress/burnout, depression, anxiety, and compulsive disorders of all kinds, including those involving food, sex, work, gambling, and the Internet.

All calls are strictly confidential.

Educational Outreach

The North Carolina Lawyer Assistance Program believes that intervention begins with educating all segments of the bench, bar and law schools about addiction, mental health issues, compulsive disorders and recovery from those conditions. The LAP efforts have continued this year through presentations at law schools, ethics CLE workshops and local and specialty bar association meetings.

Volunteer Communication

The LAP sends out *The Intervenor*, a newsletter, to all PALS Volunteers three to four times a year to enhance communication among the volunteer network. Volunteers have contributed by writing articles for *The Intervenor* and by sharing personal stories in the *Bar Journal*.

Case Management

Case management has four different stages:

1. Investigation – Initial contact with the program begins the investigative phase. All efforts at this stage are directed to determining if the lawyer has a problem LAP can assist with, the nature of the problem, and if the client is willing to get assistance.
2. Treatment/Stabilization – This phase begins when a lawyer understands that he/she needs help and agrees to obtain assistance.
3. Monitoring/Aftercare – This begins when a lawyer has completed inpatient/outpatient treatment or initial therapy consultations and is stabilized in a recovery program. In this stage, the volunteer support is most active and helpful.
4. Inactive Status – A file is placed on inactive status when the active role of the LAP terminates. This may occur when the lawyer completes an initial two-year contract of monitoring and no longer needs a monitor, lawyer dies, moves out of state, is disbarred or no longer wants any assistance.

Case Management Statistics

Statistics about the program reflect the number of people getting help; they do not reflect the time it takes to deliver that assistance. A self-referral might be appropriate for a phone evaluation and be immediately directed to a treating counselor to meet his/her needs. On the other hand, a third-party initiated investigation may take weeks to complete and, even then, the file may be put on hold for months in order for there to be sufficient opportunity to ascertain if the lawyer truly needs assistance. Every effort is made not to interfere by offering assistance unless there is meaningful evidence suggesting that it is needed or the lawyer is actively seeking help. Even then, in the addictions area, assistance when offered is often initially refused, and the LAP may spend months building up trust so that assistance can be received when the lawyer finally

becomes receptive. Like cases in law practice, the problem cases can often take tremendous amounts of time to move forward. Our approach is never to give up on offering help, but often that means waiting until a situation ripens. To be able to make client access to the LAP easier, the state of North Carolina is divided into three sections. Don Carroll handles cases in the western part of the state. Towanda Garner handles the piedmont section and Ed Ward the eastern part of the state. Any lawyer may seek the help of any member of the professional staff. The continued expansion and utilization of trained volunteers will remain a key component in our future ability to bring assistance to more lawyers who need it.

Outcome Data

The cases that have been coded as successfully handled are a broad category that emphasizes help to the lawyer. First and foremost, this includes cases where the client had a significant problem, entered into a recovery contract with the LAP and successfully completed the contract. In addition, it includes cases where there was informal assistance given and a positive result achieved for the lawyer. This category also includes (1) cases where an investigation was made, or the client contacted and offered assistance, with the result that it was determined that no further action was needed on the client’s behalf; and (2) cases that were investigated, the investigation was inconclusive as to the need for assistance and the case was closed after two years when there did not appear any new information that help was needed. The success category does not include lawyers who died, went on disability status, were disbarred or moved out of state. Although these categories reflect elimination of potential harm to the public, they do not show that a lawyer was actually helped. We regard outcomes as unsuccessful where a contract was entered into and the client failed in his or her efforts to achieve recovery, where a client went to treatment and left treatment and did not pursue recovery and cases where it was unsuitable for the LAP to provide assistance.

The LAP is currently handling 791 files. There are 332 PALS and 459 FRIENDS files.

Governance

Under the rules of the NC State Bar Council, the LAP is governed by a nine member Board. The NC State Bar Council appoints the members of the Lawyer Assistance Program Board in three different groups: Three councilors of the NC State Bar; three persons with experience and training in the fields of mental health, substance abuse and addiction; and three Bar members who currently serve as volunteers to the LAP. In order to avoid any perception that the LAP Program is not entirely separate from the disciplinary functions of the State Bar, no member of the Grievance Committee may serve on the LAP Board.

The current members of the LAP Board are: Mark W. Merritt, Chair and a councilor; Fred F. Williams, Vice-Chair, LAP and volunteer; Sheryl T. Friedrichs, volunteer; Bert Nunley, volunteer; David W. Long, councilor; Margaret J. McCreary, councilor, and Burley B. Mitchell Jr., Joseph Jordan, and Professor Barbara Scarboro, serving in the three expertise seats.

Staff

Robynn Moraites succeeded Don Carroll as LAP Director effective July 1, 2011. Don continues to year-end in assisting Robynn in the transition. There were no other changes in the LAP Staff: Ed Ward, Assistant Director; Towanda Garner, Piedmont Coordinator; Buffy Holt, Administrative Assistant; Joan Renken, Administrative Assistant.

LAP Board Meetings Scheduled For 2011

The LAP Board meets quarterly during the time of the Council meetings except in the fall, when the LAP Board meets, if necessary, at the time of the Annual PALS Meeting and Workshop.

LAP Board meetings are usually scheduled for lunchtime on Wednesday of the week the Council meets. The 2011 schedule for the Council is listed below:

January 24-27, 2012	Marriott Raleigh City Center, Raleigh
April 24-27, 2012	Marriott Raleigh City Center, Raleigh
July 17-20, 2012	Carolina Hotel, Pinehurst, NC
